

# LASER HATS™

The world's only lighted brim hat or visor!

## A BEST SELLER!

Want to stand out from other vendors? Each tradeshow is unique with many vendors competing for the floor and the attention of prospects. By offering an innovative product to potential clients they not only remember you they tend to talk to others about your products and services!

## LASER HATS™ Increase Word of Mouth!

Simply place the Laser Hat™ on the head and feel for the hidden button on the side of the hat. Once located press it one time and the brim illuminates, press it again the brim flashes and once more to return the Laser Hats™ profile to a regular hat.

Get up to 40 hours on one set of batteries! Replace the batteries at any local convenient store and the Laser Hats™ come to life again and again!

## DESCRIPTION AND DETAILS:

Laser Hats™ are offered in FIVE pantone colors

(Orders over 3000 units can be dyed to any pantone color)

The lighted brim colors are offered in FOUR colors:

(Orders over 3000 units LED lights can be any color)

## COUNT ON US:

- Standard production time is four weeks upon logo approval for orders under 1000 units and 10 weeks for orders over 1000 units. We strive to meet every deadline and will never tell you anything you can't count on.
